Management's Responsibility for the Financial Statements

The University's Board of Management is responsible for the preparation of the financial statements that give a true and fair view of the financial position, financial performance of the University in accordance with the requirements of the statutes applicable to the University. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the said financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements of the University are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the university has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management as well as evaluating the overall presentation of financial statements.

Independent Auditor's Report

To,

The Board of Management,

CVM University.

Opinion

We have audited the financial statements of CVM UNIVERSITY (the University), which comprise the balance sheet as at 31st March 2025, and the Profit and Loss for the year then ended and notes to the financial statements, including a summary of significant accounting policies. In our opinion, the accompanying financial statements of the entity are prepared, in all material respects, in accordance with applicable Laws.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

Management is responsible for the preparation of the financial statements in accordance with applicable Law and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also report: -

- We have obtained all the information and explanations which, to the best of our knowledge and belief were necessary for the purposes of the audit.
- In our opinion, proper books of account have been kept by the concern so far as appears from our examination of the books.
- In our opinion and to the best of our information and according to the explanations given to us, the said accounts, read with notes thereon, if any, give a true and fair view:-
 - in the case of the Balance Sheet, of the state of the affairs of the assessee as at 31st March 2025 and
 - in the case of the profit and loss account of the profit of the assessee for the year ended on that date.

6. Agenda No.6: Discussion on Course Code allotment.

Summarise the discussion pertaining to the agenda and mention the resolution made in the meeting, all members reached a consensus regarding the adoption of course codes provided by the Indian Nursing Council (INC). The key points of this consensus were as follows:

Adoption of INC Course Codes: It was unanimously agreed that the university can adopt the course codes provided by the INC. This means that the university will use the course codes specified by the INC for its programs, ensuring alignment with the council's guidelines and standards.

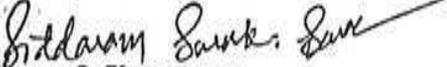

Combined Subjects and Course Codes: The consensus also stipulated that for combined subjects, such as applied anatomy and applied physiology, there should be only one course code. This decision is based on the understanding that the university examination for these combined subjects will be conducted in a single paper with a total of 100 marks. Specifically, this would involve allocating 50 marks to Applied Anatomy and 50 marks to Applied Physiology.

By following this consensus, the university may streamline its course codes in a manner consistent with the structure of the university examinations for combined subjects, maintaining coherence with the INC's recommendations
